Article Specification

```
                    (division/multiplication)
========================================
Optional accessories:
External rechargeable
battery set                       YRB05Z
Printer                        YDP20-0CE
Protective cover                  YDC06-A
```

SARTORIUS M-Pact
AX6202

The balance for all standard applica-
tions in the laboratory. Simple, safe
application due to automatic calibration
at the touch of a button. Top quality
weighing system. Backlit 14-segment
display, 2 tare keys, stability indi-
cator and 4 selectable filter levels
plus optimized display update rate
complete the picture: a balance for the
professional.

```
========================================
Weighing capacity             6200  g
Readability                   0.01  g
Tare range (subtractive)      6200  g
Measuring time - typical       1.5  s
Repeatability           <=± 0.02  g
Linearity               <=± 0.04  g
========================================
Pan size                  180x180 mm
Balance housing (WxDxH)   230x310x91 mm
Net weight             approx. 3.6 kg
========================================
```

Standard features/equipment supplied:
- Motorized calibration and adjustment
  function
- Bidirectional RS-232 data interface
  port
- ISO/GLP-compliant printing/recording
  of weighing and calibration data when
  a Sartorius printer is connected to
  the balance
- Below-balance weighing equipment
- Overload protection
- Lug for attaching an antitheft locking
  device
- Leveling feet, level indicator
- AC adapter
- Built-in application programs
  (mass unit conversion, counting with
  automatic reference sample updating,
  weighing in percent, net-total
  formulation, totalizing, animal
  weighing, calculation by a factor
